

Eager to step into the software space, to apply the knowledge learnt in University, previous work experience and social skills into a career position of my field of expertise.

Skills

Programming language experience:

- Java
- Python
- HTML/CSS/JavaScript

Soft skills

- Language: English, native Chinese, conversational Japanese
- Fast learner
- Inquisitive
- Interpersonal team player, open-minded and collaborative worker.

Education

University of Auckland

- Bachelor of Science in Computer Science (2018)
- Certificate of Language in Japanese (2016)

Work experience

Walt Disney World (Jan 2019 – April 2019)

International College Program

A cultural exchange internship with Disney; worked in the food and beverage sales department. This involved a fast pace environment, with heavy customer interaction, following food safety protocols while working collaboratively in a foreign country.

PB technologies (February 2014 – Dec 2018)

Mi Store Oceania – Xiaomi Franchise

Technical Sales; Full-time (Nov 2018 – Dec 2018)

Supported the opening of the new technology retail store; Leveraged technical knowledge of the products sold by company to assist new staff members with product sales, procedure and after-sales efforts.

PB Technologies Downtown

Support Sales; Part-time (July 2016 – July 2018) and Full-time (July 2018 – Nov 2018)

Worked in a support role to identify the correct computer equipment based on customer needs and requirements. Dealt with product shipping logistics.

PB Technologies Hamilton

Sales; Part-time (February 2014 – January 2015)

Sales and customer service.

Interests

I enjoy spending time exploring new technology, especially in the space of computing and mobile computing.

My hobbies include photography, traveling, cooking and spending time with friends and family.

Volunteering

Japan Day Volunteering (February 2016)

I assisted the event for two days, helping moving stock to the show floor and assisting with traffic control as well as helping with sale of beverages in the beer garden.

Assistant Teacher (2014)

Volunteered at Tzu Chi foundations, tutoring students on Chinese.

Volunteering at a computer retail store (July 2013 – Jan 2014)

Gained experience working in a retail setting having exposure to various positions learning how to handle cash, sales and technical support.

IT School Club (2013)

help maintain support for the school computer system, responding to issues and assisting the IT management.
